

TreeWalk Village is a one of a kind adventure park for kids.

Kids and the young at heart can let their imaginations lead the way while exploring a network of tree houses connected by nets, ramps and slides, as well as a tunnel world, and other fun and exciting forest games.

# Treewalk Village

Located at Bruce's Mill Conservation Area in Stouffville Ontario

## THE IDEA

Developed by Arbraska Treetop Trekking, eastern Canada's leader in forest adventures, Treewalk Village is an all-new adventure park designed to let kids explore the forest in a fun and interactive way. Treewalk Village is the brainchild of company co-founder Stephane Vachon, and its centerpiece is a network of bright and colorful custom tree houses suspended above the forest floor. Once off the ground kids are totally enclosed in 8 foot tall hammock nets, so there is no need to wear safety harnesses while climbing from tree to tree! In addition to the tree houses, kids can

explore an underground tunnel world straight out of a storybook. Other forest games like mini obstacle courses, giant hammock nets and junior zip lines round out the magical forest playground found only at Treewalk Village.

## PERFECT FOR

- Family Adventures
- School Trips
- Groups of Friends
- Birthday Parties
